

I am writing in hopes to keep KLove on the air. This is a radio station that is very family friendly. We listen to it all the time. It is a station that I can feel comfortable leaving on when I'm not around to monitor what they are saying. My children love to listen and sing along with the Christian music that is played. K-love is also very comforting. I can't express the number of times they have encouraged me on a day that I need it most. The messages they send out open my mind to life and how to manage it. I know that K-Love serves me this way, but also hundreds of thousands of others. To lose K-love would be truly heartbreaking. Please keep K-love on the air! Thank you and God Bless!
